SENIOR INSTRUCTIONAL DESIGNER

Customer Education | Agentic AI Systems Architect | Keynote & Workshop Facilitator

High-impact hands-on creator and builder with **20 years of experience** designing scalable customer education, multi-format learning architecture, and AI-accelerated workflows. Expert in translating complex product environments into outcome-driven courses, certifications, and high-energy live workshops. Proven track record of pioneering multi-step agentic AI pipelines with human-in-the-loop rigor, reducing content cycles by 60%+ while eliminating "AI slop". Confident public speaker and stage presenter adept at representing brand vision at major industry conferences and client keynotes.

KEY SKILLS

Customer Education & Facilitation: Live Workshop Facilitation, Public Speaking & Stage Keynotes, B2B Customer Onboarding, Customer Academy Strategy, Webinar Production, Learner Persona Modeling.
Instructional Design & Strategy: Defensible Needs Analysis, Learning Blueprints & Design Systems, Assessment & Certification Design, Modality Selection, ADDIE/SAM, eLearning tools (Parta.io, Storyline, Evolve), Micro-learning, Video Literacy (Shot Language, Visual Hierarchy, 3-Second Rule), Storyboarding, Gamification.
Agentic AI & Systems: Multi-Step Agentic Workflows, MCP Prompt-to-Tool Integrations (VSCode, Claude Code, Miro, Airtable), LLM Agents (Claude Cowork, Gemini, NotebookLM, Glean), Human-in-the-Loop Quality Gates, AI Workflow Versioning & Evaluation.
Multimedia & Platforms: Synthesia, HeyGen, Final Cut Pro, Adobe Creative Suite, Figma, Canva, LMS Architecture & UAT (Thought Industries, Skilljar, Docebo), JavaScript (MERN), Python-based AI Training.
Compliance & Language: ADA, FERPA, HIPAA, WCAG Accessibility | Fluent in Italian, Intermediate French & Spanish).

PROFESSIONAL EXPERIENCE

Miro | Senior Learning Experience Designer | Austin, TX *Apr 2024 – Present*
Design and produce multi-format customer education content for Miro Academy: courses, videos, webinars, assessments, and certifications, owning end-to-end scripting, storyboarding, and on-camera/voiceover to drive self-serve adoption and monthly active users (MAU).

- **Customer Education & LMS Architecture:** Managed enterprise transition between LMS platforms; implemented rigorous UAT and customer feedback loops that increased MAU by 15% within 3 months and drove authoring tool modernization.
- **Webinar & Event Content Collaboration:** Collaborate with webinar and facilitation teams to design interactive customer learning experiences, while occasionally representing the brand through pre-recorded videos and select live customer sessions.
- **Agentic AI Production Pipeline:** Architect multi-step agentic AI workflows in Claude Cowork with custom MCP integrations (Glean, Miro, Figma, Airtable, Looker, Gong); establish strict human-in-the-loop review gates to eliminate low-quality output and compress content development cycles from weeks to days.
- **Design Systems & Clean Handoffs:** Produce standardized course blueprints, storyboards, assessment rubrics, and design templates that enable cross-functional content specialists to build and publish seamlessly without ambiguity. Facilitate live interactive customer sessions, customer-facing webinars, and workshops; serve as a primary face and voice for learning content at industry events and client-facing summits.

- **Data-Driven Portfolio Iteration:** Conduct ongoing quantitative and qualitative content audits using product telemetry and CS feedback, retiring underperforming assets and iterating courses to boost completion rates by 30%.

makeitMVP (Non-profit) | **Lead Instructional Designer** | **Remote** *Apr 2021 – Apr 2025*
Built and facilitated product management learning paths for post-bootcamp talent in engineering, product management, and UX/UI design to maximize career mobility.

- **Rigorous Needs Analysis:** Interrogated learner behavior and skill gaps to separate real educational needs from requests, establishing an outcome-driven cohort model that improved product completion speed by 60%.
- **Technical Mentoring & Workshops:** Devised hands-on training plans and live interactive workshops for software engineering fellows, standardizing Agile PDLC processes and MVP delivery to stakeholders.

General Assembly | **Senior LXD & Interim LXD Manager, Tech Discipline** | **Remote** *Dec 2021 – Jun 2023*
Designed end-to-end courses, video content, and microlearning in Software Engineering and Cloud Computing (GCP, AWS, Azure) for B2B/B2C audiences using ADDIE principles, adult learning theory, and strict accessibility standards.

- **B2B Customer Consultation & Facilitation:** Served as strategic technical partner for enterprise clients, conducting deep needs discovery sessions and delivering custom technical workshops with 100% of courses achieving >75% NPS.
- **Modular Asset System:** Built and maintained modular learning assets, automated assessments, and interactive cloud/IDE sandboxes, boosting team productivity by 50% and reducing CoGS by 8%–20% through global reuse.
- **Team Craft Coaching:** Contracted, managed, and coached teams of SMEs and instructional designers to shift flagship products to a blended model, elevating overall NPS from 74% to 88%.

NYC Department of Education | **Master Educator** | **New York, NY** *Sep 2006 – Jun 2021*

- **EdTech Leadership & Teacher Enablement:** Served as a school-wide technology leader, driving tech adoption by designing and delivering hands-on training for educators in documentary filmmaking, interactive display software (SMART Board/Notebook & Promethean), and emerging classroom technology solutions.
- **Large-Scale Deployment & Facilitation:** Rapidly established remote learning environments for the nation's largest school district during COVID-19 (2 weeks for pilot, 4 weeks district-wide), delivering live instruction and training educators.
- **Instructional Leadership:** Led 6-person ELA and 5-person Special Education teams, driving state exam pass rates to 88% and graduation rates into the 90th percentile.
- **Global & Diverse Learning:** Designed student-centered, accessible learning in Language, Literacy, and ESL ensuring 100% ADA/FERPA compliance every year for a decade.

EDUCATION & CERTIFICATIONS

- **Master of Arts (MA) Language Education** | New York University
- **Bachelor of Science (BS) Computer Science** | Western Governors University
- **Master of Arts (MA) Film & Screen Studies** | CUNY Brooklyn College
- **Bachelor of Arts (BA) Linguistics** | Brigham Young University
- **Certifications:** COMPTIA Project+ (2022), ITIL4 Foundations (2022)
